DETAILS:

At Chicago, Illinois

Pursuant to instructions from the Bureau character of this case is being changed from Registration Act--G to Voorhis Act--G.

There is being set forth hereafter summary of information contained in material found in possession of G. WILHELM KUNZE, national commander of the Bund at the time he was detained on May 12, 1941 by the South Bend Police Department, South Bend, Indiana. The material that was in German has been translated into English. Due to the fact that most of this material chiefly the documents pertaining to the organizational set up of the Bund, the Bund's constitution, & its various units has been furnished to the Bureau previously by various field offices, the translations of these documents are not being set out in full in this report. It might be stated that a review of the material was made by the writer and only such material and information believed to be of investigative value is being included in this report. It should be further stated however that three photostatic copies of each translation was transmitted to the Indianapolis Field Division under date of August 25, 1941. There is being set out as follows identifying information regarding these documents.

- No. 1. Pamphlet entitled "Organizational Set Up and Administrative Regulations."
- No. 2. Pamphlet entitled "Organizational Set Up of the Women's Division of the German American Fund."

- No. 3. Pamphlet entitled "Founding Legend Information for Unit and Branch Leaders."
- No. 4. Pamphlet entitled "Organizational Structure of the Uniformed Service of the German American Bund."
- No. 5. Pamphlet entitled "Youth Organization of the German American Bund (Organization Structure)"
- No. 6. Bund Command No. 41.

There is being quoted from this Bund Command the paragraph pertaining to encouragement to the anti-war organizations.

"In many of the Local Units organized plans are being worked out to encourage such leaders of independence, of neutrality, etc. as Wheeler, Clark, Tinkham, Holt, Thorckelson, Verne Marshall, etc. by writing to them. This practice is to be continued among all Local Units, but the writing is not to be carried on under the name of the Local Unit but the correspondence is to be done as the personal opinion of the individual citizen. Those who, at the present time, have the inclination and courage, as politicians, to fight against the war should be supported with thousands of letters and telegrams to encourage them to carry on the fight. Organized pleas (petitions) have small worth since many citizens who have the courage to write their own letters are fearful, however, to sign their names to lengthy lists of opponents who, in such a case, can be identified as members of the respective organizations. Such petitions, to be effective, must contain the signatures of millions of people whereas only several thousand individual letters and telegrams, which do not show organization contact, do carry a wholesome effect. The Recruiting Leaders and the Political Leaders are to assist the unfamiliar with the preparation of such letters."

- No. 7. Bund Educational Command No. 1 (Nothing believed to be of value in this command.)
- No. 8. Circular letter dated March 31, 1941 (Pertains to sale of bund phonograph records.)

"Any appeal made upon individuals to undertake the work of the America First Committee or to support any such similar organizations which appear in the English section of the Weckruf are intended for the non-German readers who do not belong to the Bund. The Bund members and Supporters should devote their entire energy, their free time and whatever funds they have for the purpose only for the purpose of the Bund who then can, as a representative of the Germans, support the proper organizations."

No. 10. Bund Command No. 42 (Deals with obtaining additional subscriptions for the Bund Paper, "The Weckruf" and the sale of the book "The Blood is Holy.")

No. 11. Bund Treasury Order No. 14 (Pertains to contribution lists of the Bund and monthly reports.)

No. 12. Bund Treasury Order No. 13 (Deals with the sale of the Bund song book "German American Singing Comrade.")

No. 14. Bund Treasury Order No. 11 (Pertains to setting forth instructions as to how the account books of the various Bund units shall be kept.

No. 15. Song book of the German American Bund. Translations of the titles of these songs were made however it was not deemed advisable or of any value to translate the entire songs in this book.

There is being set forth at this point information furnished to the writer by Confidential Informant [redacted] whose identity is known to the Bureau, which information informant obtained while in attendance at various Bund meetings at Haus Vaterland, 3855 Northwestern Avenue, Chicago, Illinois.

On July 17, 1941 informant advised the writer that he attended Bund meeting on July 16, 1941 on which date the regular O. D. meeting was held and informant advised he was permitted to attend the closed meeting by Willumeit, the Chicago leader of the Bund. Informant advised there were about twenty two members, all male, in attendance and that Anton Kiefer, the leader of the O. D. group, presided.

Informant stated that RICHARD OHRT, Press Director, presented a song entitled "There will always be an England" and that this song was sung by those in attendance with WILLUMET playing the piano. This song is set forth as follows:

"There Will Always Be An England"
The latest Cockney Hit

There will always be an England,
But it won't be much the same;
For the Hebes we set adrifting
To the lands from hence they came.

There will always be an England,
But no Churchill and his gang.
We will hand him to the Yankees
Gladly with his whole sheebang.

There will always be an England,
And no ties with Palestine.
Let the kikes hang up their washing
On the ancient Jordan Line.

There will always be an England
Raise your right and stretch your hand.
Hail away the pretty Eden
And his money-changers band.

There will always be an England,
One without the bloody shame
Of a foreign Master-Rabbi,
Franklin Roosevelt by name.

There will always be an England
When the Yanks and U.S.A.
Will adopt the Yiddish language
We are gonna yell Hurrah.

There will always be an England.
Here's advice to U.S.A.
Keep your punks across the ocean,
But from England stay away.

There will always be an England.
With our Nazi pals and chums
We will clear the shores of England
Of the Asiatic bums.

"There will always be an England
For the rank and for the file
In the dawn of coming Europe
Hail to Hitler and Zeek Hile."

Informant stated that it was included among those at the meeting and that copies of this song should be mimeographed and distributed as widely as possible. Informant stated that OHRT advised him that this song had been bought from Gehm and had been turned over to OHRT BY a bus driver. It should be noted that this song is violently anti-Semitic and anti-British and contains many aspersions relative to President Roosevelt. Informant also advised that at this meeting every one in attendance had to sing a German song and that if he didn't sing a song he had to treat the rest to beers. Informant advised only HELMUTH MATZ had to buy beers.

Informant stated that the regular groups consisting of George ULTMANN, FROBOESE, HUGO LUETHJE, and others were in attendance. Informant also advised that he observed ENGELBERT WAMBACH at the bar and ALBERT KOLB as usual was attending bar assisted by EVER THOROE.

At the O.D. meeting informant stated Kiefer as usual spoke and on this night Kiefer talked chiefly about the fact that the Bund members should continue to come regularly to meetings, to keep on fighting for the Nazi cause and ideas. Also that Bund members should promulgate as much as possible the ideas of the Bund among other German organizations and attempt to get members from various German organizations to come to the Haus Vaterland so that they could see for themselves that the Bund was not engaged in anything which might be construed as un-American.

Informant stated also that HUGO LUETHJE is very strong in his praise of the Nazi regime and stated that he didn't care what happened to him and that LUETHJE severely criticised those members of the Bund that became afraid and dropped out. LUETHJE stated that he was only waiting for the day when the Nazi government would come to the U. S. and take over.

Informant advised that E. THOROE served two years in the German storm troopers organization and returned to the U. S. in 1936 or 1937 and it was the belief of the informant that THOROE was not as yet a citizen. Further that THOROE was recently placed in class 1-A by his Local Draft Board and THOROE told informant that he had stated to the draft officials that he would not serve in the American army; it was a disgrace to serve in the army. THOROE further stated that nothing would happen to him that he was very close to the consulate and he attempted to

go back to Germany with the Consulate but the Consulate officials had told him he would be of better use here to serve the Nazi cause.

b7C Informant stated that another individual very active at the Bund was JOACHIM KAUFMANN who works at nights and comes to the Bund headquarters on Saturday evenings. Informant stated he would attempt to obtain address and place of employment of KAUFMANN at a future date. For the information of the Milwaukee office it has been determined by informant that the correct name of the individual previously mentioned in report of Special Agent [redacted] dated at Chicago, Illinois July 14, 1941 is JOE LAUMER and not ZEE HERMANN. It should further be stated that a review of the file entitled EUGENE JOHANNAS BUERK, Registration Act--G, Chicago file 65-188 reflects that a lead was set forth for the Chicago field division to locate a JOE LAUMER in connection with whatever information he might be able to furnish regarding the alleged recruiting of him by BUERK to return to Germany. According to informant LAUMER WORKS for an individual by the name of WINKLER and lives at 913 West Fullerton Street. An attempt will be made to contact LAUMER and interview him along the lines requested in the BUERK case.

Under date of July 24 informant advised the writer that he was in attendance at the Bund meeting on July 23 and that the regular crowd was at the meeting. He stated that the film entitled "Soviet Russia" was shown which film was of a cultural nature and dealt chiefly with the part of Russia formerly belonging to Germany. He advised that at the meeting he made the acquaintance of FRITZ WEISS, who is a heavy set individual wearing very thick glasses. The former stated he would attempt to cultivate WEISS at a later date to ascertain his views on the present international situation. Informant also stated that he had further contacted JOE LAUMER who advised informant that he had just come back from Germany in September of 1940 and that he was for some time in New York attempting to solicit the aid of the Bund in that city however he could not obtain help from them.

Informant advised also that Willumeit spoke at this meeting at which about one hundred were present, one fourth of them being women, and that Willumeit's talk dealt chiefly with the speech recently made by Alfred Landon. This speech opposed the present government's policy and informant stated Willumeit read the speech and made comments regarding it. Willumeit stated he could have made up such a speech but that he would have ended in jail had he done so. Willumeit said that the Bund at the present time is opposed to war and issuing propaganda attempting to sway the government so that they will release those inducted in the draft upon their serving their first year.

Informant observed ~~JOHNNIE STRUDTHOFF~~, ~~HANZ MYERS~~, ~~OLLIE SCHULTZ~~, a barber by the name of ~~KRAUSE~~, ANNA and ~~XAVER PALLER~~ and a family by the name of ~~FALTNER OR FAULKNER~~ at the meeting. Informant stated that JOE LAUMER keeps company with ~~FALTNER'S~~ daughter.

On July 28 informant advised the writer that while at the Bund headquarters on July 26 he had quite an intimate talk with JOACHIM KAUFMANN and KAUFMANN advised he was saving \$50 every week for the purpose of paying his transportation back to Germany. Informant stated KAUFMANN was a big talker and constantly harped on the advantages of living in Germany under the present Nazi regime.

Informant also stated that ~~PETER FATTNER~~ was in attendance and had with him an individual by the name of F. Gehn who operates a real estate business, 2217 Belmont Avenue. Informant stated he ascertained from FATTNER that JOE LAUMER presently works at the Chicago Machinery Laboratories, 2717 South Poplar, telephone Calumet 2363. FATTNER also stated that Laumer's foreman who works at this company is also a Bund member.

On July 31, 1941 informant advised that he attended the O.D. meeting of the Bund held on July 30, that as usual ANTON KIEFER was in charge and there were nineteen present. He advised that Kiefer had written a Nazi song on the blackboard and all in attendance had to sing it. At this meeting informant advised that RICHARD OHRT inquired of those present what would happen to the Bund members in the event they were picked up by Bureau agents. Ohrt stated that he had been out of work for approximately eight months although he was working at the present time and he was seriously wondering what would happen to his family in the event he was arrested. He stated that some plan should be worked out by the Bund members so that in the event that any one or all of the members were picked up they would have a means of communicating with the other members for assistance. Kiefer became very angry at Ohrt and told him that he should put the question to Willumeit or Froboese for their opinion as to what to do.

Informant stated that an individual by the name of William Peters who is employed in the Machine Shop and said he agreed with Ohrt that some system should be worked out whereby communication could be had with other members of the Bund in the event any one of them were arrested. Peters stated that at the time he was employed by the firm he is presently working for one of the questions he had to answer was "Are you a Bund member?" Peters said that he lied about this question and in answering stated he was not. Peters stated that in order to obtain employment it

would be best if all of them denied any German activities and especially Bund membership. Informant stated that George Johnson got up and said that in the event he was picked up by the FBI he would not tell them anything, and not give them any satisfaction whatsoever. Johnson further stated that he could not understand Ohrt's being out of a job so long and stated that at the present time there were plenty of jobs to go around. Informant described George Johnson as follows:

Height	6 feet
Weight	170-175 lbs.
Hair	Dark blond combed straight back
Build	Medium
Wears	small mustache

Ohrt was described as follows:

Age	60
Height	5'5"
Weight	150-160 lbs.
Hair	Grey
Wears	glasses

Informant further stated that GEORGE JOHNSON inquired about the Bund newspaper "The Free American" being reduced from eight to six pages.

Ohrt, who is the press director of the paper, stated that this reduction in pages was due to the fact they had lost considerable advertising regarding the sale of foreign food packages. At this point in the meeting informant stated that the hat was passed for donations for the support of the "Free American" and Johnson appearing to want to be a big shot started the donations off with five dollars. Informant stated that the total sum collected was \$20. In conclusion of the meeting it was agreed that Ohrt should put the question as to what should be done in the event the FBI picked them up to FROBOESE and WILLUMET and to report later as to their answers.

Informant advised that after the meeting he mingled around at the bar and made the acquaintance of a man named ~~KARL~~ MUELLER who also was in attendance at the O. D. meeting. From outward appearances informant stated MUELLER appeared to be one of the important individuals along with GEORGE JOHNSON and seemed to agree with Johnson relative to not answering questions put to them by the FBI. Informant stated that Mueller recently had been in the hospital however he seems to be very active at the Bund.

MUELLER stated that they should sing more Nazi songs at the meetings as it appears that few of the members know the songs. Mueller also stated more encouragement should be given to members to attend the meetings regularly, they should be told not to be afraid to come inasmuch as they are "marked" individuals anyway as the FBI has all the names.

The other individual whom the informant met was CARL VOGEL who appeared to be a small undernourished individual with a sharp nose and sickly complexion. VOGEL appeared to agree with Ohrt and stated that each member should know of the other members whereabouts in case of trouble so that they could come to each other's assistance. Informant stated that all the other O.D. members laughed at VOGEL'S suggestion. HUGO LUETHJE said he didn't care what happened to him, that he was ready to make any sacrifice for the Nazi cause. He said that he was a marked man anyway, that he would have to take it when the time comes.

Informant stated he also talked to FRITZ WEISS who was also in attendance at the O. D. meeting and described him as follows:

Age	45-50
Height	5'6"
Weight	180 lbs.
Hair	Thin
Wears thick eye glasses	

Writer interviewed informant on August 14 and advised he had attended the Haus Vaterland on August 12 and 13 however nothing of importance transpired either one of these nights. He stated few of the regular members were at the Haus Vaterland on these two nights and it appeared that most of them were at the Bund Camp at Bridgman, Michigan.

On August 20 informant advised that he had attended the meeting at the Haus Vaterland on August 15 that Wilhelm Kunze was in attendance but did not speak to any great extent due to the fact he was suffering from a tooth ailment. He advised that Anton Kiefer presided and each day it appears to informant that Kiefer is more important than Willumeit. According to what information informant could find Kiefer is not dependent on Willumeit for any orders and is not bound to take orders from Willumeit. He stated that Willumeit and his wife are presently on a vacation however no one at the Haus Vaterland seems to know just where they are spending their vacation.

Informant stated that Hugo Luethje was very revolutionary this particular evening and stated that he wished that the Bund would take

some action pretty soon as he was getting tired of not doing anything. According to Ohrt informant stated that the delegates for the coming O. D. convention to be held the latter part of August were to be Willumeit, Kiefer, Luethje, and George OLTMANNNS.

Informant advised that Kunze talked chiefly about selling more "Free Americans" and about the trouble the Bund members were occasioning throughout the United States in obtaining and keeping their jobs.

Kunze commented upon the coming Bund convention and O. D. meeting to be held in Chicago however stated that the meeting place for either convention would not be announced until the day before it was to be held in order that the meeting places would be as secret as possible and therefore outside interference by any law enforcement body be kept at a minimum.

On August 21 and 28 writer contacted informant and on August 28 advised that he had just determined that Richard Ohrt, press director, became mad at Kiefer during the O. D. meeting held on August 20 and that Ohrt signified his intention of not attending any more Bund meetings. Informant stated that some of the members are attempting to get OHRT back but he refuses to come. Informant also stated that Willumeit came back from his vacation on August 25 and presided over this meeting held on August 27. Informant stated it appears to be Willumeit's intention to continue to take speeches from the newspapers given by other prominent individuals who are opposed to U. S. aiding Britain or entering the present conflict and after giving the speeches makes comments upon them.

At this meeting informant talked to Ollie Schultz who stated that he had two medals from Kunze for service in Nazi Bund work. Informant stated that while talking to Schultz while at the bar Schultz after having several drinks talked fluently about his activities in the Bund and started to mention the fact that the Bund has a secret code for communications however KOLB who was working at the bar overheard Schultz and immediately shut him up. However informant stated Schultz is 100% for the Bund and goes to the Haus Vaterland about every evening and makes several trips to the camp in Michigan in the summer.

Informant stated that LUETHJE was at this meeting as usual and was as defiant against the U. S. policies as he has been in the past.

Informant stated that Willumeit does not comment much upon the present political situation and keeps out of sight as much as possible with

the thought in mind that if outsiders observed him in the tavern they would stop coming to the tavern and thereby the tavern would occasion quite a decrease in profits.

On September 2, 1941 informant advised the writer that he had attended a session of the Bund national convention at the Haus Vaterland on August 30 and had kept company with OLLIE SCHULTZ while at the convention. Informant stated he met Willumeit, Kunze, and Joe Whipple from Milwaukee. He stated Kunze as usual used the Hitler salute in greeting any one and wears his Bund uniform at all times. Informant stated the attendants were divided into four groups covering Wisconsin, Illinois, Indiana, and Michigan. At this meeting informant stated he also met Albert Neusella whom it is noted is set forth as a member of the Front Fighters Bund on page 45 of report of Special Agent [REDACTED] Chicago, Illinois, January 17, 1941, address 3960 Milwaukee Avenue. Informant advised this individual stated he works as a machinist at one of the train barns and has been employed at this place for many years. He stated he attended O.D. meetings regularly and had belonged to the Bund for some time.

b7C

Informant stated he was unable to attend closed meeting of the convention inasmuch as he is not a member. However informant advised that on several occasions Ollie Schultz has asked him why he did not become a member of the Bund and it is the intention of informant to attempt to gain membership into the Bund within the very near future. Informant upon gaining membership in the Bund will thereafter be able to attend all closed meetings and all meetings of the O.D. group.

Informant also stated that Otto ~~Diester~~, Ewer Thoroee asked him (informant) to go with them to see Richard Ohrt about returning to the Bund. However before they could go to see Ohrt, Willumeit contacted them and advised them against seeing Ohrt. Willumeit was of the opinion that they should leave Ohrt alone and not coax him back to the Bund. In this respect it is the belief of the writer that possibly due to Ohrt's present attitude toward the Bund it might be wise to openly interview him regarding his activities in the Bund and activities of other individuals. A letter is therefore being directed to the Bureau requesting authority to openly interview Ohrt. This is along the lines of the recent directive from the Bureau stating that Bureau authority should be first obtained before openly interviewing any Bund officials or members.

On September 4, 1941 informant stated that he had attended the Haus Vaterland on September 3 at which time there were about 45-50 in attendance. The speakers were Willumeit, Kunze, Matz, Rappe of New York

and ~~RICHARD~~ WEILAND of Buffalo, New York who is the national youth leader of the Bund.

Informant stated Kunze spoke entirely in English regarding the outcome of the convention and spoke for about an hour. He stated that Kunze commented on the eight or twelve points decided on by the convention which will be published in the coming issue of the "Free American." Informant advised that Kunze's theme was keep America out of War and thereby help the Nazis. Kunze stated that they would accept the government of the U. S. but not the administration. He called President Roosevelt viceroy of the U. S. Kunze also commented on the closing of Camp Nordland in New Jersey and of the conviction of himself and seven co-defendants. He further stated in his speech that coming activities of the Bund will be along the lines of attempting to unite other German organizations in Chicago with the Bund and stated that Chicago has the best set up as regards relations between the bund and other German vereins. Kunze also stated that it was his desire that all members of the Bund bring their friends and that none should have any fear of prosecution as the Bund was not engaged in anything un-American. He further pointed out that it was ridiculous to think that the Bund received money from the Nazi government in Germany for furtherance of German propaganda in the U. S.

Informant advised that RAPPE gave a short talk in German which was very sarcastic in nature and called attention to the relatives of German people in the U. S. who might be fighting in the front lines in the German campaign and raised the question as to what we are doing in the U. S. to help the Nazi cause. He stated that in New York members of the O. D. were furnished with tin banks to keep at home and deposit donations to the Bund and Rappe suggested that when friends come to your home let them donate in the tin bank. He further emphatically suggested that Bund members buy only at German stores and do all possible to stir up unrest and dissatisfaction in the U. S. among the people and to attempt to promote propaganda to keep the U. S. out of the present conflict.

Weiland spoke on the Bund's youth movement and stated it would need to be built up more strongly and highly recommended that it be built up along the lines of the present Hitler Youth Movement in Germany. Weiland advised that the Bund has had a good youth movement, engaged quite a bit in sports and games and attracted other individuals to attend their meetings by having social events and dances.

Informant advised that GEORGE JOHNSON member of the O. D. was also at this meeting. He is described as follows:

Height	5'9"
Weight	175 lbs.
Hair	Dark
Face	Full
Small mustache	

Informant also observed an individual by the name of Hoffman whose first name he did not remember however it is stated that Hoffman had dark blonde and curly hair and wears glasses. Informant advised he would attempt to obtain further details relative to the identity of Hoffman at a later date.

On September 11, 1941 informant advised that he was at the Chess Club held at the Haus Vaterland on September 9 however nothing unusual took place that night. On September 10 he stated he was at the regular Bund meeting at which time the film "River of Unrest" was shown which dealt chiefly with the past misunderstandings of the Irish and the English. He also stated that Willuncit talked for about a half hour on current topics but said nothing of importance. He stated that he made the acquaintance of one ERICH DROCKNER who drives a yellow cab and works at the Haus Vaterland as bar tender on a few occasions. He also stated that Drockner also has charge of the showing of movie films at the Haus Vaterland. He was also observed by the writer at the German day picnic taking photographs of the movies at the picnic which informant stated DROCKNER later showed at the Haus Vaterland. It might be also stated at this point that informant [] advised that he was acquainted with Drockner and states DROCKNER formerly worked as a clerk in the ACE Schmidt Travel Bureau, 8 South Michigan Avenue. Informant [] further stated that he observed DROCKNER at the Germania Club on September 19 at which time Drockner showed the films he had taken at the German day picnic before a representative group of German day officials. [] stated he talked to Drockner and Drockner gave him one of his business cards which reflected that he operates the Educational Film Service, 1217 West Cornelia Avenue, Chicago, Illinois dealing in domestic and foreign films. This card shows Erich G. Drockner, manager. Informant [] described Drockner as follows:

b2
b7D

Height	5'6" or 7"
Weight	130 lbs.
Build	Slender
Hair	Brown
Thin line mustache	
Broad cheek bones	
Eyes	Grey
Age	35 yrs.

Informant [] went on to state that the Bund Camp at Bridgman, Michigan is still open and it appears to be the intention that the Bund will have a celebration known as the Harvest Feast in the near future at the camp. Informant said he did not see any new individuals around the Bund on the tenth of September and the delegates which went in for the convention were all gone. He stated that the German School was to be opened soon at the Bund headquarters to be held on Saturday mornings.

b7C
b7D

On September 18, 1941 informant stated he attended the regular Chess Club on September 16, 1941 at the Bund headquarters but that nothing unusual took place and the members present restricted themselves solely to the playing of chess. However the former stated he was allowed entrance to the O.D. meeting at the Bund headquarters on September 17, 1941 and besides himself there were about twenty members present. He said as usual Anton Kiefer presided and Willumeit was not in attendance. He advised that he made the acquaintance of an individual named A. G. Mellin whom he described as follows:

Age	55
Height	5'6or 7"
Weight	165 lbs.
Hair	White, combed straight back
Facial features	soft and effeminate
Has small mustache	

Informant also stated that he made the acquaintance of one ALBERT FREISEBERG whom he described as follows:

Age	55
Height	5'8"
Weight	165 lbs.
Hair	Dark brown parted on left side
Facial features	Full and fresh

Informant stated that FREISEBERG suggested it would be a good idea in his opinion that all of the O. D. members know each other by name and each other's addresses so that they could get in touch with one another in the event any assistance was needed by any one of the O.D. members.

b7C

It should be noted that a review of instant case report of Special Agent [redacted] Chicago, dated 1/17/41 page 42, reflects that FREISBERG was a member of the Front Fighters and Marine Bund and his address is given as 3038 North Francisco Avenue and also that his name appears on the membership list of the German American National Alliance Chicago file 6 5-275.

Informant went on to state that while talking to GEORGE OLTMANN at the O.D. meeting OLTMANN gave him a small sticker which he OLTMANN was passing out among the other O. D. members which sticker has the words thereon of "Ve Vant Var." This sticker according to informant was put out in order to ridicule the Jews and also on the sticker was a large six pointed star to imitate the star of Judah and a portion of the star was blacked in to form the letter "V". This sticker is being retained in the Chicago file. Informant described OLTMANN as follows:

Age	50-55
Height	6'1"
Weight	185 lbs.
Hair	Blonde

On September 26, 1941 informant advised he had attended the Haus Vaterland on September 19 at which time the celebration was to be held at the Bund headquarters by the German day organization. At this point it should be stated that Confidential Informant [redacted] whose identity is known to the Bureau, advised on September 18, 1941 that MICHAEL BELDEN head of German day organization, contacted OTTO WILLUMBIT and advised WILLUMBIT that the Board of Directors of the German day association had met the evening previous and they had voted a change in the meeting place from the Haus Vaterland to the Germania Club. BELDEN advised the reason the change had been made was due to the fact that the delegates for German day believed that if the meeting was held at the Haus Vaterland the newspapers might criticize the German day organization. However in this respect Confidential Informant [redacted] subsequently advised on September 19 that Albert KOLB stated that the celebration would be held at the Haus Vaterland and that the well known German KURT SCHNEGEL would entertain and WILLIE KIEFER and his orchestra would play. According to informant [redacted] WILLUMBIT stated that inasmuch as many of the German people had already received their invitations to come to the Haus Vaterland for the German day celebration it would be best perhaps

b2
b7D

to have some sort of entertainment in the event many of them would show up at the Haus Vaterland not knowing of the change in meeting place to the Germania Club.

Regarding the meeting at the Germania Club ~~Confidential Informant~~ [] whose identity also is known to the Bureau, was requested by the writer to circulate around at this meeting to ascertain the activities that were carried on. [] subsequently advised that there were probably one hundred in attendance, that free beer was served, and motion pictures of German day celebration were shown by ERIC DROCKNER. He advised that MICHAEL BELDEN spoke a few words of greeting but he noted no unusual activities on the part of any of those at the meeting. [] stated that the majority of those in attendance appeared to be hard working laborers, mechanics, etc., who spent most of the time at the bar fearful of the fact that they would not get their allowance of beer. Continuing Confidential Informant [] stated that Willie Kiefer and his orchestra played at the Haus Vaterland however this Kiefer is not related to Anton Kiefer, unit leader of the order in Chicago and that Kurt Schlegel put on a short bit of comic entertainment. Informant stated that there were only about three dozen people at this function.

b2
b7D
b7C

As an amusing sidelight informant stated that Willumeit, Matz, Froboese, and Kiefer left the Haus Vaterland at an early hour giving as an alibi the fact that they were going to the Germania Club to steer some people back to the Haus Vaterland after the entertainment was over at the Germania Club. Informant stated that neither of these four individuals ever put in an appearance again at the Haus Vaterland with anyone from the Germania Club.

Informant stated that while at this meeting he was talking to Ollie Schultz and Schultz advised him that he was now living with OSCAR SHOEMAKER at 700 Calumet Street. Schultz further advised informant that he has been instructing young men who are about to be inducted into the drift to accept induction under protest and if questioned as to their reason for accepting under protest to give as their answer personal belief.

Informant stated that he attended the meeting at the Haus Vaterland on September 24 at which time 80-100 people were present and

Willumeit gave a talk in English chiefly about inflation and high taxes. Willumeit made the remark that the U. S. is the same as at war now and severely criticised the U. S. for furnishing convoys to England. Willumeit stated that the U. S. is at war and we are now in enemy country. Willumeit further made the announcement that George Froboese, Middlewest leader of the Bund, was scheduled to speak at the Bund on October 8, 1941.

Informant advised that a film of Chinese cultural pictures was shown and the meeting adjourned. Informant advised that he observed FROBOESE spent much time on the 24th conversing with HANS MEYER who lives in the Fox River Region outside of Chicago on a farm. Informant described MEYER as follows:

Age	About 60
Height	5'5"
Weight	185 lbs.
Build	Heavy set
Hair	Turning gray
Has gray mustache and goatee	

It is being set forth as follows schedule of functions held at the Haus Vaterland during the week:

Monday nights--nothing scheduled

Tuesday nights--regular Chess Club (\$1.00 initiation fee, 25¢ for each night in attendance.)

Wednesday nights--regular open meeting every other Wednesday which includes speaker chiefly Willumeit and usually motion picture is shown. Also every other Wednesday is comradeship night which is followed by the closed section of the O. D. meeting with Kiefer leading and Willumeit assisting.

Thursday nights--nothing scheduled.

Friday nights--taken over by the Concordia Maenner Chord (leader Anton Kiefer with Willumeit playing the piano.)

Saturday nights--open social night.

Informant stated that the present trend of the Bund is openly to try to keep the present members attending regularly and to attempt to get more members and to try to get members from German vereins to

to come to the Haus Vaterland so that the Bund can prove to them that there is nothing underhanded being carried on at the Haus Vaterland. Informant stated that so far the Bund does not appear to have had much luck in obtaining new members or in getting other organizations to come to the Haus Vaterland.

b7C
b7D

September 29, 1941 writer contacted Confidential Informant [redacted] who stated that he attended regular social night meeting of the Bund on Saturday September 27 and spent most of his night talking to FRED GEHM, real estate operator previously mentioned in this report. Informant stated that GEHM mentioned to him an interesting incident which occurred about two weeks previously at the Haus Vaterland. GEHM advised that a young girl who is known as EMILY around the Haus Vaterland but whose real name is GEORGIA, whose occupation is a waitress, was at the Haus Vaterland on this particular night. GEHM advised that he had an individual acquaintance with him who had a pin of the America First Committee on the lapel of his coat which pin is red, white, and blue in color. EMILY went up to this friend of GEHM'S and proceeded to rip the pin off the coat and said, "Red, white and blue, phooey, my colors are red, white and black." GEHM stated to informant that this created quite an incident at the bar room and Willumeit ordered Ollie Schultz to follow this girl and to keep close contact with her to find out whether she was not possibly an informant who was putting on an act. According to informant Schultz is to keep track of her at subsequent meetings to learn all he possibly can regarding her background and activities. Informant stated he has since observed this girl at the Haus Vaterland and described her as follows:

Age	25-27 yrs.
Height	5'5"
Weight	125 lbs.
Hair	Long, artificial blond
Eyes	Brown
Occupation	Waitress

Informant stated that he did not believe Gehm was a member of the Bund although he was 100% sympathetic with its ideals and attended regularly on Saturday nights. According to Gehm the three main people at the Haus Vaterland are GEORGE PROBOESE, MRS. IRENE MATZ, and ALBERT KOLB. Gehm further states that ALBERT KOLB, MRS. IRENE MATZ, and OTTO WILLUMEIT each own one third interest in the Haus Vaterland property.

It is being incorporated as follows information furnished to the Chicago Field Division by Confidential Informant [redacted] whose identity is known to the Bureau. In this regard there is being set forth memorandum dated July 2, 1941 submitted by translator Ralph M. Lindsey setting forth result of interview had with informant.

"The writer met with Confidential Informant [redacted] for the purpose of obtaining information relative to the latter's acting as a courier for the German Embassy and was told by the Informant that he had spoken with Dr. OTTO WILLUMEIT who had suggested, because of the recent affair with the police that, it would not be wise for him to go to the German Consulate. DR. WILLUMEIT told the Informant that a special appointment would be made with DR. KRAUSE-WICHMANN for July 3 at some place other than the Consulate office. The Informant states that he will advise this office as to when and where this appointment is to be.

b2
b7D

The name of LIEUTENANT GENERAL COUNT VON CHEREP-SPIRIDOVICH residing at 9 Shoriff St. New York City, N.Y. was furnished by Informant [redacted]. The above name and address was obtained from DR. WILLUMEIT who stated that he, WILLUMEIT, and WILHELM KUNZE were in close and continual contact with CHEREP-SPIRIDOVICH who is said to be Russian National Socialist and a millionaire. CHEREP-SPIRIDOVICH publishes a newspaper known as the "PUBLICITY" and a number of the articles in this paper written by DR. OTTO WILLUMEIT. The informant does not know how news articles are transmitted from Chicago to New York for this newspaper however he is certain that if it is done through the mail that the name of DR. WILLUMEIT does not appear on the cover as addressee.

b7C
b7D

"Informant [redacted] stated also that MR. SCHAPOWAL introduced him to DR. STEPHANUS C. HRYNIEWIECKI who in turn gave the informant a note of introduction to REMPE FRANCIS, 642 W. Dering St., Chicago, Illinois, Phone Lincoln 3326. Informant [redacted] through his conversation with HRYNIEWIECKI, concludes that REMPE FRANCIS is second only to the Consul General in Chicago and that he keeps valuable papers at his home. The Confidential Informant promises to visit REMPE FRANCIS within the next few days. AR

b7C
b7D

Relative to activities in South America and his proposed trip to that country the Informant set forth the following two plans:

"1. To go directly to Rio de Janeiro where they could contact a number of Ukrainians and Germans, latter being employed at the German Consulate from there they would travel south to St. Paulis (app. 350 mi.) and meet a Mr. OSTROEWSKY, Ukrainian, and his German wife. Mr. OSTROEWSKY operates a printing press and distributes much German propaganda. They would then go further south to Curitiba where the informant is personally acquainted with the German Consul General, the publisher of the German newspaper "The Compass", Dr. MASURYCHYM, leader of the Ukrainian Organization and HORCHUK, secretary of the same organization and also a publisher. From this point they would cross over to Chile.

b7D

b7C

Plan No. 2 would be to secure introductions from Dr. WILLMEIT to the German Consulates and other German agents on the West coast. They could then travel through Old Mexico to the State of Panama where the three agents RUESENBECK, KEDLER and RUEHLER, who were brought from Argentina by the German Agent ZINSER. Informant [redacted] hopes that ZINSER could be met in Old Mexico as it is known that he is operating in that country. From Panama they would travel to Lima, Peru and to Santiago, Chile where they would Consul Generals BAUMANN and KIESSELD respectively of these two countries. The informant states that the above is only a rough draft of the plan which would have to be worked out in greater detail. He states, however, that introductions which the above mentioned persons would offer him and his assistant would make possible the uncovering of the plot of Japan to occupy the countries of Chile and Peru.

b7C

b7D

The Informant suggested that the person who accompanies him on this survey be able to speak German, Ukrainian and Russian. Either of the last two would be necessary so as to cover up any suspicion that the two persons were not the best of friends and countrymen. The Informant further suggested one [redacted] whom he knows to be an informant of some Governmental Bureau. [redacted] is staying, according to the Informant, at the Hotel Rex, New York City."

On July 7, 1941 translator Ralph Lindsey and the writer contacted Confidential Informant who advised that he had been to the Bund camp at Bridgman, Michigan over the fourth of July holiday stating that he went to the camp with JOHNNY STRUDTHOFF, who serves as part time bar tender at the Haus Vaterland. Review of instant file report of Special

b7C

Agent [redacted] Chicago, Illinois dated 1/17/41 reflects on page 47 that Strudthoff resided at 2132 School Street, and is a member of the Front Fighters and Marine Bund.

According to informant STRUDTHOFF is married and his wife went to Germany about two years ago to visit her folks but that due to fear of ocean travel in the present international situation she has chosen to remain there. According to informant STRUDTHOFF has a brother serving in the Brazilian navy and this brother is said to be very well informed on all geographical and political questions pertaining to South America.

Informant further stated that while at the camp he became acquainted with JOACHIM KAUFFMANN, 1927 North Kimball Avenue, whom [redacted] described as follows:

b2
b7D

Age	25-28
Height	5'8"
Weight	175 lbs.
Build	Slender

Wears glasses	

According to informant KAUFFMANN advised him he was a member of the Nazi party but due to his above average intelligence and graduation from a college of political economics in Hamburg, Germany he was not accepted when he volunteered to offer his services in the German army in 1939. The reason for this non acceptance was due to his anticipated trip to the U. S. it being assumed that KAUFFMANN could render a greater service to Germany in America than he could in a German army. Kauffmann further told informant that he has been receiving articles of German propaganda from the German consulates in Washington which he Kauffmann has used in his activities as unit leader in the Bund. KAUFFMANN further stated that he is now to be employed as a political employee of the German government. KAUFFMANN said he claimed U. S. citizenship through his father CARL KAUFFMANN, 1927 North Kimball. At the time of this contact with informant he furnished photographs of groups of various individuals in attendance at the German camp over the fourth of July holidays. Several copies of these photographs were made as well as enlargements and will be retained in the Chicago file in this case. The individuals in these photographs were all identified with the

exception of a few whose identities will try to be determined at a later date. Photograph No. 1 includes:

Under date of July 22 translator, Ralph M. Lindsey, and the writer contacted ~~Confidential Informant~~ [] whose identity is known to the Bureau, and he advised that ~~Confidential Informant~~ [] whose identity is also known to the Bureau, had just arrived in Chicago. According to [] Special Agent [] of the New York Field Division instructed informant on July 15 that due to the returning to Germany of all German Consular officials informant's services would no longer be needed and he may feel free to return to South America. [] stated that the reason for his trip to Chicago was to bid his son good bye before leaving for South America. Informant [] stated that on his way to Chicago he stopped in Detroit, Michigan and visited with the German vice consul, that the latter occupied the same offices as before and has the same office force and carries on the same business as he did before the German consulates were ordered closed, the only difference being the sign "German Vice Consul" has been removed from the door. According to [] the Japanese and Hungarian Consulates throughout the U. S. have taken over the work of the German Consulates and informant might be able to obtain some very specific information regarding their activities. [] was questioned regarding his accepting the proposed job as a courier for the German government and he advised that when he arrived in New York to contact Consul HIRSCHFELD, HIRSCHFELD stated that due to the closing of the Consulates he had concluded all office work and it would be impossible for him to give any documents to informant to be delivered to persons in Canada. In this respect it should be stated that informant was at a loss to explain why he did not consult the Embassy at Washington, D. C. and obtain his instructions, there inasmuch as it was understood at the outset that he was to obtain any documents from the Embassy.

b7C
b7D
b2

Also on July 22 ~~Confidential Informant~~ [] advised that while he was speaking to JOACHIM KAUFFMANN mentioned previously in this report pertaining to employment for informant, KAUFFMANN suggested that informant might be able to find employment at the Belmont Hospital, 4058 Melrose Avenue, with Dr. URBAN V. ~~COMES~~, President of the hospital. KAUFFMANN according to informant, stated that Dr. Comes although born in the U. S. is 100% Nazi and would be happy to have such a person as [] working for him. Accordingly KAUFFMANN made an appointment with [] with his sister Charlotte Kauffmann, a girl of 17 or 18 years of age who introduced informant to Dr. Comes at the latter's residence, 4047 Northwestern Avenue. The informant stated that Dr. Comes

b2
b7D

appeared to be extremely cordial and told informant he would let him know within the near future relative to an opening for informant at the hospital. Informant stated that three days later Dr. Comes called him and asked that he come to his office whereupon Dr. Comes hired informant for a period of three years as an assistant at the hospital to commence work on July 24.

According to informant one of the conditions to which he was asked to agree before being introduced to Dr. Comes was that he informant would cooperate fully with JOACHIM KAUFFMANN in the latter's activities in the German movement.

Informant further stated that he accompanied MR. AND MRS. ALBERT ~~GERDES~~ with whom he has been staying to Long Lake, Illinois on July 20 where the Reich SDeutsche Vereinigung held a picnic. Informant stated that there was no business transacted at this picnic and that there were only a small number present. He stated that the ones he was acquainted with which were present were ~~HEINZ BAMBERG~~, ~~ANTONE ZIMMERMANN~~, a MR. WERNER and an individual by the name of ~~VOGEL~~, a family by the name of KOCH and a family by the name of SCHILLING. In this respect it might be stated that membership lists of the RV reflects a ~~HANZ KOCH~~, ~~JOSEPH KOCH~~, ~~THERESIA KOCH~~ but no family or individual by the name of SCHILLING, WERNER or VOGEL.

Continuing informant advised that the activities consisted of drinking beer, playing games, and swimming, and that all around the picnic grounds were signs, "Not for Jews."

On July 24 Confidential Informant [] advised translator Landsey that on July 23 he contacted Willumeit at the Haus Vaterland. He stated that the object of his contact was to show the latter a book entitled "The Ukrainians Weep" which book was written by Confidential Informant []. He stated at the conclusion of his conversation with Willumeit Willumeit agreed to come to the home of the Gerdes, 2041 West Belle Plaine Avenue, where [] are living, for the purpose of Willumeit's talking to Confidential Informant []. Informant [] reported that about 4:15 p.m. WILLUMFIT arrived at their residence and that while [] prepared drinks for Willumeit and [] he overheard that they were engaged in confidential conversation pertaining to connections between the Ukrainian and German Consulates. Willumeit it appears expressed

b2
b7D

a desire of introducing [] to the Hungarian Consulate in Chicago and stated upon his departure from [] home that he would make the necessary contact with the Hungarian Consulate and would call [] by 6:00 p.m. and advise him of the outcome. According to Confidential Informant [] whose identity is known to the Bureau, Willumeit contacted [] and reported that he had not forgotten to call the Hungarian Consulate but that he had not been able to contact the "person" he desired to but he would continue trying to contact him and that [] should pay WILLUMFIT later at the Haus Vaterland. Accordingly about 9:15 p.m. [] met Willumeit in front of the garage at the Haus Vaterland and Willumeit informed [] he had just received a telegram and that it would be necessary for him to leave immediately for New York and that his visit was to be secret and confidential the only persons knowing of his departure being his wife and Mrs. Matz. Willumeit cautioned [] about mentioning his trip to anyone and told him he would return to Chicago on Saturday and would carry out the contact at the Hungarian Consulate.

Under date of August 8 Confidential Informant [] advised that he had telephonically contacted Willumeit informing Willumeit that he had received a letter from Confidential Informant [] stating that he would like to see Willumeit personally. Accordingly [] had a meeting with Willumeit in the Haus Vaterland on August 8 and [] was introduced to Kunze. Shortly after this introduction to Kunze Willumeit displayed a large roll of bank notes. Willumeit advised that it would be necessary for him to go to the bank to get them changed. While he was gone [] stated he had a lengthy conversation with Kunze during which time they spoke of the political situation and of Polish birth certificates which Confidential Informant [] was supposedly going to send to Willumeit through [] further stated that Kunze

b2

had written two letters to [] within the past week and that one of these letters had contained pictures of Kunze which were necessary for the birth certificate. It was further learned through [] that Kunze would remain in and around Chicago during the next week and that Willumeit was leaving Chicago not to return until around August 15.

b2
b7D

At this point it might be stated that reference conference teletypedated 8/8/41 from Newark advised that Kunze, national leader of the Bund had been ousted by the members following admission by Kunze of his intention to try to leave the U. S. This teletype further stated that Kunze was in Chicago at a home of a Bund member allegedly under constant watch of the O.D. to prevent his leaving the U. S. He further stated that FROBOESE would probably become national leader of the Bund.

Further reference teletype dated August 14, 1941 from New York City from Assistant Director Connelley advised that Confidential Informant [] had contacted the German Embassy in Washington and stated that the forged passports and birth certificates for Kunze and Willumeit were ready and that informant should obtain these from a Rex MALZAHNS, 288 North Franklin Street, Philadelphia on August 15. [] stated that he told Von HEYDEN of the German Embassy that he was going to Chicago and that he would deliver the passports personally to Kunze and Willumeit who would plan to leave the U. S. after receiving the passports.

b2
b7D

Regarding Kunze's being guarded by O.D. members of the Bund it should be stated that Confidential Informant [] whose identities are known to the Bureau advised that there was no indication at Bund headquarters that this was so. Reference teletype further stated that [] could furnish no information why the German Embassy was anxious to have Kunze and Willumeit leave the U. S. Along this line it should be further stated that at the time the writer interviewed Confidential Informant [] whose identity is also known to the Bureau, he advised that the reason Kunze was being guarded was due to the fact he was under bond in New Jersey and that the bond was a cash bond raised by the Bund and that in the event he left the U. S. and jumped his bond the Bund would stand to be loser of the cash put up for his bond.

Also according to Kolb Kunze had been visiting GEORGE FROBOESE in Milwaukee but at the present time was staying at the residence of Mrs. Matz, secretary of the Bund at 1509 West Rosemont Street.

b2
b7D

Accordingly [] contacted Kunze at the Haus Vaterland and advised Kunze that his passport was ready but that he was still waiting for a picture for the forged passport of Willumeit so that it could be completed. [] further stated that he had received a letter from [] to learn when [] should come to Chicago so that Kunze, Willumeit, and [] could make plans to leave the country together, the plan being for them to go to Mexico and then to South America. To this Kunze replied that he did not think it wise for him to leave with another person because he might be sought by authorities and for that reason it would be much safer for him to go alone. Further that because of the indictment against him and eight other Germans in New Jersey he could not leave immediately for fear of causing serious trouble for the other eight Germans involved, & Kunze told MD in view of this fact that he was in no hurry to leave the country.

b2
b7D

On August 27 Confidential Informant [] advised he had just spoken with Dr. Willumeit at the Haus Vaterland and Willumeit had told him that his trip had been more for business than for pleasure, that he had been in the east principally in New York where he made a number of contacts. Willumeit also told [] he had been in Washington where he contacted members of the German Embassy to obtain instructions for Kunze and himself regarding leaving the country. It is noted that photograph was received from the Newark Field Division as furnished by [] showing delegates in attendance at the convention held in Chicago in 1940. This photograph is being exhibited to informant in the Chicago Field Division to identify those individuals whose names are not known. However a lead is being set forth for the New York Field Division to recontact [] and request him to obtain photograph of the convention held in Chicago in 1941.

This teletype stated Kunze would be in Cleveland, Cincinnati, Chicago, St. Louis, and Detroit. Further that Otto Willumeit was scheduled to join Kunze at Cleveland and accompany him on his trip. In this regard Confidential Informant [] whose identity is also known to the Bureau, stated that on September 27 Willumeit sent the following telegram to JOSEPH BELOHLAVEK, 5505 Beedulth Avenue, Cleveland, Ohio. "Tax appeal case coming up Monday. Cannot leave until Wednesday." This would indicate that Willumeit intended to possibly meet Kunze in Cleveland on September 30.

b2
b7D

Confidential Informant [] whose identity is known to the Bureau, advised that on August 1 she was at the Haus Vaterland together with FRITZ WEISS, who was to take informant to the Bund camp at Bridgman, Michigan on August 2. Accordingly on August 2 Fritz WEISS, Dr. Alfred ERNST, and informant drove to the camp. Informant advised that every effort had been made to arrange a meeting with two individuals by the name

b2
b7D

of KURT&EWALD, two alleged German storm troopers, Sturmtroupers who are members of the Reichs deutschen. Informant advised that the last names of these individuals were not known however they had been very active around the Ernst Hennekes Tavern at 2873 Lincoln Avenue and continually extolled praises of Hitler. A search of membership lists of Reichsdeutschen membership list reflected a KURT ~~PIEPER~~, 1539 Estes Street, Kurt Schlegel, 3701 North Damen and Kurt Wolf, 3426 South Harper and Ewald ~~Rumpf~~, 8155 South Ellis Street. Nothing is known of these four individuals other than the fact that Kurt Schlegel purports to be a German humorist and just recently on September 19 put on a performance at the Haus Vaterland. Informant stated however an attempt would be made to obtain the last names of the two individuals to ascertain whether they are identical with any of the above listed members of the Haus Vaterland.

While at the camp informant stated contact was made with Frau WOLFSKEEL who lives on property near the camp and informant spent considerable time talking of old Germany with FRAU ~~WOLFSKEEL~~. Informant stated that she is 100% German in her attitude and prays every night for speedy German victory, and stated what she wanted before she died was a journey to Germany after a complete German victory so that she may kiss the hem of Hitler's trousers. Informant stated that the next day was spent at the camp and among those around the camp were Rudolf Bender, Ollie Schultz, Henry Diebel, Fritz Kuebler, and Johnny Mathiessen.

At this point it should be stated that Fritz Kuebler is a member of the Front Fighters and Marine Bund having served during the World War in the first torpedo division of the German navy. His address is given in report of the writer dated 1/17/41 page 43, as 434 Belden Avenue. The license number of Kuebler's car has also been observed on many occasions in the vicinity of the Haus Vaterland.

Informant stated that a lengthy conversation was had with Mr. and Mrs. HENRICH ~~GOLZER~~ chiefly regarding international affairs. Informant stated that the GOLZER's have a little girl Rose Mary who belongs to Jugendhaus in charge of FRAU ANNA ~~FALLER~~. ANNA FALLER resides with her husband XAVER on the second floor of the Haus Vaterland. According to informant Mrs. GOLZER is still a German citizen and sends many packages to German prisoners in Canada. Informant stated that Mrs. GOLZER bemoans the loss of Mrs. ~~HORST~~ FRICKE, wife of the former commercial attache who was ordered returned to Germany by the German government. Mrs. Golzer stated that FRAU FRICKE was a very capable leader of the Reichsdeutschen Frauen organization. According to Mrs. Golzer when she was young and lived

in Germany she helped serve the Kaiser at his hunting lodge. Upon referring to report of Special Agent [redacted] dated Chicago, Illinois January 17, 1941, page 42 it is noted that HENRY GOLZER is a member of the Front Fighters and Marine Bund, address 929 Wolfram Street. Also page 99 of the same report reflects that Henry GOLZER, address 4542 North Ashland contributed the sum of \$25 to help retire the debt of the Hans Vaterland Inc. which is the property of the Bund.

On July 24, 1941 PETER GISSIBL, former leader of the Bund at the time it was known as "Friends of New Germany" voluntarily called at the Chicago Field Division and was interviewed by Special Agent [redacted] and the writer. Gissibl stated that he was still living in Waukegan, Illinois, had recently bought himself a new home and was trying to make a living as a tailor. He said that the reason for his appearance at the Chicago Field Division was instigated by information he had received indirectly that the Immigration Department were investigating him with the thought of his possible denaturalization and deportation. GISSIBL was advised that this office had no information along this line and could not help him out in this respect. However the opportunity was taken to question him relative to any information he might be able to furnish regarding individuals still members of the Bund that were members while he was leader that might be contacted as possible informants. GISSIBL stated that JAKOB LEIMANN, 2154 West Ohio Street is still a member of the Bund might serve as an informant. He advised that Leimann was of Russian extraction and due to the present war between Russia and Germany might be willing to inform against the Germans. According to the membership lists of the Front Fighters and Marine Bund, JAKOB LEIMANN, 2154 West Ohio Street, is listed in this membership list on page 45 of serial 19 in instant case. It is also noted that the initials B.M. appear after his name which indicate that he is a Bund member. A lead is being set forth to contact LEIMANN in an effort to develop him as an informant.

GISSIBL stated that in his mind the Bund was a harmless organization that WILLUMET its present leader was spineless and not capable of drawing up any plans for the purpose of a concentrated espionage or sabotage attack on the U. S. He also stated that the caliber of men

who made up the membership at the time he GISSIBL was a member of the Bund were of the dull ignorant type who needed leadership to direct them.

Contact was had by the writer with Mr. and Mrs. FRED OBENDORF owner of a small grocery store located at the northwest corner of Byron and Western Avenue for the purpose of obtaining their consent to use their store as a point of surveillance of the Haus Vaterland. It is noted that from the inside of the store it is possible to watch all three entrances to the Haus Vaterland, that is the entrance on the west side, the corner entrance, and the entrance on the north side. Consent having been obtained from the Obendorf's it is contemplated in the near future to obtain motion pictures of individuals going in and out of the Bund headquarters especially when meetings are held.

Under date of September 15, 1941 Confidential Informant [redacted] whose identity is known to the Bureau, advised that Dr. Willumeit was contacted by Dr. Shurliff (phonetic) relative to Willumeit's purchasing the summer boat. According to informant Willumeit's intention⁴⁵ to use this boat which will cost him about \$2,000 to sail on Lake Michigan near the Bund Camp at Bridgman, Michigan. Along this line informant further advised that on September 22 Dr. Shurliff again contacted Willumeit and Willumeit advised Shurliff it was his intention to purchase the boat. Further on September 23 Dr. Shurliff again got in touch with Willumeit regarding the sailboat which Willumeit was to purchase from him. Willumeit advised the Dr. that he had been unable to contact the youths who are to handle the boat however he believed he would be able to contact them on September 24 when they attended the meeting at the Haus Vaterland. On September 24 informant stated that Dr. Shurliff got in touch with Willumeit relative to the training of the youths to take care of the sailboat. SHURLIFF advised Willumeit that he would work out a plan regarding the youths and would like to meet with the boys on September 30 in this regard.

This woman advised Willumeit that in the event he had no speaker for the program for the meeting on September 24 at the Haus Vaterland that this person would be glad to speak. This woman advised Willumeit further this man would speak freely and would hold nothing however he would have to be assured that there would be no newspaper reporters present. She stated that this man was not at the present time in Chicago but was expected to return to Chicago on the evening of September 24. According to informant Willumeit appeared to be very enthusiastic and planned to have this man speak on the program. It might be stated however that according to informant [redacted] whose identity is known to the Bureau, there was no outside speaker at the Haus Vaterland on September 24 and Willumeit was the only speaker.

GERMAN-AMERICAN BUND

Ins. Ryan:

There have been numerous files opened in this office pertaining to the German-American Bund. There is no place in the office where all this information is assembled where it can be reviewed and studied. It is believed that a general file on German-American Bund should be opened and all the information pertaining to the Bund consolidated therein, and when necessary individual files should be opened up on individual subjects along the lines of the general German file.

SAC Cronk:

These instructions will be followed immediately. I have noted how they were previously handled and the reason therefore.
